RE: ALPR Random Audit Findings

On 08/04/2026, I, Lt. Adam Shirley performed a random audit of our ALPR systems. During the audit, I discovered that former user Chrischen Knotts searched his wife's vehicle via the search function on 01/10/2026 using the search reason "Traffic Infraction." This is in violation of our General Order 4.72 that governs the use of ALPR systems. This was a single occurrence.

Knotts was employed with us from 12/24/2025 until his resignation on 05/08/2026, ending his account access to our ALPR systems. Since he no longer works with us and the anomaly was discovered following his departure from the agency, this single occurrence cannot be subject to disciplinary action, nor does it rise to the level of prosecution in my opinion.

This was the only anomaly discovered during the random audit, which was completed for the dates of 01/01/2026 through 08/01/2026.

Respectfully,

Lt. Adam Shirley
